Monday 12th November

Dear Parents and guardians,

Over the next few weeks the children will take part in various exciting learning opportunities to help them with their well-being. We regularly encourage and nurture children at Hill Avenue to help develop confidence, self-esteem and well-being. Experiential learning which is taking place during the week commencing 26th November will be another great opportunity for the children and staff to learn in exciting ways. A new mental health and well-being section of the school website provides families with strategies to help children outside of school. Within this section you will also find behavioural techniques like the ones used in school.

Sport

What a great start to the year for the football squad at Hill Avenue. The girl's football team took part in a citywide tournament at the Wolves training ground last week!

They performed as a team and showed a great determination to succeed even when faced with strong opposition.

Overall Hill Avenue finished joint 5th out of 8 teams so we are all incredibly proud of the players! Bring on the next competition!

Dates
