

10 Things - Year 2

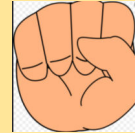

Can you create a phone interview for someone in your family? Where did they work? When were they born?

Can you create a book review for your favourite book?

Can you work out the total combined age of everyone in your house? What are the differences in ages?

Can you count how many of different objects you can hold in a closed fist - pieces of pasta, stones etc.

Can you draw, make or design a habitat for your favourite animal?

Can you use the contents of your recycling bin to create your favourite place?

Can you create a bingo game for your family. The numbers must be written as questions for your family to answer.

Can you draw or retell your favourite memory. What happened? Where were you? Why was it so good?

Can you create a tally of the different coloured cars you see on your daily exercise?

Can you create a dance to your favourite song? You could perform it to your family.
